

## Quality Assurance

I.T.S have an excellent track record, which has enabled us to deliver contracted therapy into education and social care settings, such as The Regard Partnership and The Shires at Stretton. We have been approached by Local Authorities to provide contracted therapy into a cluster of schools. We have also been delivering individual therapy to families within the local PCT areas including Leicestershire, Nottinghamshire, Lincolnshire and Birmingham.

Quality assurance and accountability is central to our work, therefore we provide excellent mentoring systems, and regular performance monitoring. I.T.S therapists each hold professional liability insurance.

## Purchasing ITS services

We recognise that Local Authority Schools and Independent Schools controlling their own budgets can work effectively with I.T.S therapists offering schools flexible solutions, which complement existing NHS/Local Authority service provision.

All I.T.S therapists have NHS experience, enabling them to work collaboratively with our NHS colleagues, to offer high quality and personalised therapy support.

## Testimonials

*I am delighted to have an I.T.S therapist come into my classroom to give me practical ideas on how to integrate a student into the curriculum, with minimum disruption to the class. So many good ideas have been suggested and although not all have been able to be used, I have been able to adapt them to be of best use. Many thanks.*

**Jane Sweetman - Arley House PNEU School Leicester, January 2008.**

*A speech and language therapist is working alongside staff to develop appropriate communication plans for pupils and develop staff skills. Speaking, picture cues, symbols, and a range of signing are used by staff to encourage pupils to communicate.*

**The Shires at Stretton –OFSTED report 2006**

*The speech and language therapist provides substantial assessment of these pupils' learning needs which leads to sharply focussed targets.*

**The Regard Partnership – Holbeach OFSTED report 2006**

- Please call us for a personalised discussion about the therapy needs of your pupils/settings; 01509 600646 or 07841 197098
- We are happy to answer your questions via email if you would prefer; [info@integratedtreatments.co.uk](mailto:info@integratedtreatments.co.uk)
- If you would like to ask for further information on any aspect of speech and language therapy, use our 'Ask us a question' form on our website [www.integratedtreatments.co.uk](http://www.integratedtreatments.co.uk)

- We are happy to arrange a meeting free of charge to discuss your individualised needs further.
- If you would like any leaflets to distribute to your families at the school, we can happily arrange this.

## About Integrated Treatment Services

Sarah Needham, Director and qualified Speech and Language Therapist manages the team at I.T.S. The team has a vast range of experience in providing speech and language therapy services to schools and families within the local communities across the Midlands.

**its** offers Local Authorities and Independent Schools an immediate, high quality and cost effective referral route for all children and young people requiring access to speech and language therapy support.

**its** therapists have experience in working within mainstream pre-schools, primary and secondary schools. We also have therapists who are skilled in working within Special Educational Needs Establishments.

**its** is registered with the

- Association of Speech and Language Therapists in Independent Practice (ASLTIP).

**its** therapists are licensed to practice with

- The Royal College of Speech and Language Therapists (RCSLT)

- The Health Professions Council (HPC).

## What we provide:

**its** provides fast, accessible and community based referral routes for children and young people experiencing speech and language difficulties.

As an educational setting or Local Authority you could purchase our therapy services under a Service Level Agreement in order to meet the communication needs of children and young people throughout your school(s).

Our therapy can be spot purchased to provide training, strategic support, environmental and individual assessments.

We can also act as a referral route for parents of children and young people within your setting. We can provide an immediate assessment at their home or in school and can offer follow up therapy where needed. We will always support parents utilising the statutory services available to them.

**its** therapists are skilled at

- Coaching teaching staff to enhance pupil's access to the curriculum within the classroom.
- Working directly with clients and facilitating their families to support therapy.
