

## Friendship Game

You can use the following flashcards with a group of children in order to support their communication skills and when making friends. They can take it in turns to pick a card and ask a question to another child in the group. This will help to strengthen their social communication skills. The children can also make up their own questions if they can think of them too.

What is your name?

Who lives at your home?

What is your favourite food?

What do you watch on TV?

Who is in your family?

What do you like to play with?

How do you get to school?

What do you not like?

Do you have a pet?

What is your favourite colour?

What is your favourite song?

How old are you?
