

Colourful Semantics - Transitions & Social Stories

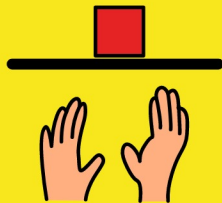

Starting School/a New Class

You can use this pack with children when preparing them for a transition to a new school or class. You can use this to talk about who will be there, what they will see and the activities they will do. This pack will support children when expressing their thoughts and feelings. You can also use this to talk about describing objects, sequencing events, and concepts.

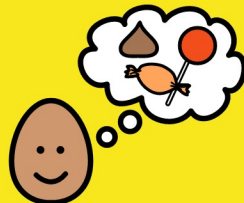

You can prompt them by asking questions such as:- Where did you go?- What did you see?- Who did you meet?- What happened next?-
What does it look like? How did you feel?
